Old Business: None.

New Business:

1. OD Class has been created.
2. Everyone wants the new builder, PStar/ John Vandermolen to be successful.  
John Finch spoke about the new boats and how to support the new North American manufacturer. Boats are in testing phase and it is important the Class communicate and give feedback so issues can be addressed. The builder wants to address the issues. It's important that key people in the US and Canadian Class are in communication with, and help promote, the new builder. The builder has a great reputation building Star boats.
3. Upcoming Regattas
  - a. It was suggested Mark Bryant act as Regatta Chair.
  - b. 2013 Regatta locations  
Mark Bryant had suggested Kalamazoo Michigan for 2012 US Nationals. Gull Lake near PStar builder. Need to check regarding accessibility but it's a centrally located venue.
4. A new fleet in Provincetown MA is forming that wants to help the Class.
5. We need to bring owners into existing fleets.

It was suggested we join forces with the Canadian Class to become a North American Class and share schedules, boat database etc.

There was no other business.
